16. (5) I is not implicit, II is not implicit because of the word all. III deviates by mentioning the venue.

17. (5)Only III is implicit. Note that the statement is a piece of news. What the journalist assume about the conversion and its impact can't be explicitly said. But the words 'despite strong opposition' indicate that the journalist must be assuming III.

18. (1)Airport was put on a full alert so authority must be assuming I Hence, I is implicit but II is not. Again, to put the airport on a full alert indicates that the authority must be assuming III also.

19. (5)Suggestion or direction to young officers by the officer is aimed at making the new recruits aware of their responsibilities.
Assumption I can't be correlated with the above statement. II is an assumption, this is what leads to adverse comments. III is not implicit.

20. (2)Syria has used weapons of mass destruction against the innocent people.

(21-25)

21. (1)I is advisable because it will be helpful in tackling the problem. II is not advisable because even an anonymous call can't be termed as a box without investigation and inspection.

22. (2)I is not a course of action. II is advisable because it will be helpful in reducing the problem.

23. (5)I and II follow

24. (4)I is not advisable because of several reasons. Firstly we are not sure whether the fear among the people is genuine. India should seek international support to mount a pressure on the neighbouring country to curb the menace. II is not advisable unless the veracity of bear becomes clear.

25. (4)I is not advisable because it will create problem regarding secrecy for internet users. II is not advisable.

36. (2)Assumption I goes very deep. Hence it is not implicit. But assumption II is implicit.

37. (1)Assumption I is implicit.

38. (4)I is not implicit. II is not implicit because the PM only assumes that law and order affects the common man more than prices do.

39. (2)Assumption II is implicit.

40. (5)Both I and II are implicit.
