Q. 17	The personal accident policy is basically designed to offer compensation to the insured person who suffers bodily injury as a result of an accident which is external, violent and visible. Hence death or injury due to any illness or disease is not covered by the personal accident policy. This policy offers compensation in case of death due to result of an accident only. So he cannot receive insurance claim amount.	CBSE Study Material	Unit 5	Page no.111	3

Q. 18	A fire policy containing an average clause is called Average Policy. An average policy requires the insurer to pay that portion of actual loss as the Insurance bears to the actual value of the property at the time of loss. Example: If the actual value of the property is Rs. 10,00,000 and the same is insured for Rs. 8,00,000 and loss on account of fire is Rs. 2,00,000. In such case the Insured will get 8,00,000/10,00,000*2,00,000= 1,60,000 The balance of Rs.40,000 shall be borne by the Insured himself. However, if the insured amount is equal to the value of the property or more than that he will get compensation of the entire loss i.e.	CBSE Study Material	Unit 2	Page no.50	3

- c. Cashless Facility Insurance companies have tie-up arrangements with a network of hospitals in the country. If the policyholder takes treatment in any of the network hospitals, there is no need for the insured person to pay hospital bills. The Insurance Company, through its Third Party Administrator (TPA) will arrange for direct payment to the Hospital. This is known as cashless facility.
- d. Cumulative Bonus (CB) Health Insurance policies may offer "Cumulative Bonus" wherein for every claim free year (i.e. a year in which no claim is made); the Sum Insured is increased by a certain percentage at the time of renewal subject to a maximum percentage (generally 50%). This means that if in a particular year the insured makes no claims then he/she gets an advantage wherein the company offering the insurance increases the "Insured Amount" or amount agreed to be paid against a claim by a certain percentage. In case of a claim, Cumulative bonus will be reduced by 10% at the next renewal.
- e. Additional Benefits and other standalone policies Insurance companies offer various other benefits as "Add-ons" or riders. There are also stand alone policies that are designed to give benefits like "Hospital Cash", "Critical Illness Benefits", "Surgical Expense Benefits" etc. These policies can either be taken separately or in addition to the hospitalization policy. A few companies have come out with products in the nature of Top Up policies to meet the actual expenses over and above the limit available in the basic health policy. (any four)

Q. 24	Mr. Pankaj has insured his premises against the risk of burglary and after taking policy he can't make changes to his premises without the permission of Insurance Co. If Mr. Pankaj makes changes to his premises without the permission of Insurance Co. then if a burglary takes place in the premises then the insurance co. will not be liable to pay his claims. The procedure he needs to follow is • Ensure that the Policy is in force at the time of theft and also that the property that is lost is covered by the Policy. • Information of the theft or the Burglary should be given to the police and the Insurance Company immediately on the occurrence of the same. • All documentation as per the requirement of the Policy should be furnished to the Insurance Company. These may include bills, invoices of the property etc.	CBSE Study Material	Unit 6	Page no.125	4
